PROPERTY DETAILS

This 2-story, 3BR/2.5BA home is unlike any other home in Cambridge Park. Located on a corner lot, from this home you can enjoy both golf-course and lake views through the numerous impact windows and extensive patio. The first thing you'll notice about this gorgeous home is its amazing split driveway. With a planter dividing the pavement, the traditional 2-car garage split into two 1-car garages. The current homeowners have one of the garages set up as an office space. This can be kept as an office, or easily be converted back into a garage. The first floor is adorned with Saturnia marble (all the bedrooms have hardwood) and flows perfectly into the backyard. The patio is perfect for entertaining during the day, but especially at dusk. With the incredible space, as the sun sets the light bouncing off of the clubhouse illuminates the home.

All the bedrooms have gorgeous views, and are well lit from large windows. All the bathrooms (and the kitchen) have upgraded cabinetry, as well. The master has a breathtaking view of the golf course and lake. This home is the kind you truly have to see.

Garage is a 2 car garage and has been converted into a 1 car garage. Roof 2006 and home has 2 AC units.
