## PROPERTY DETAILS

This is a great second floor unit with a total of 3 patios and tons of windows. There were just new hurricane shutters installed as well. Inside you have 3 bedrooms which one has french doors and was used as an office..no closet. There is a new wood floor through most of the unit. The closets have built ins both master and 2nd bedroom. There is a bonus room off the kitchen which could be another office/den or eat in kitchen. Popcorn has been removed and ceilings have a smooth finish! Very private views from every window. This is a rare find and super bright unit.
