PROPERTY DETAILS

WOW! That's the first reaction everyone has as you enter this one of a kind residence. The amazing Southwest view of the Atlantic Ocean and the New Pompano Pier, are enhanced by this stunning space which was recently Professionally re-designed in a Coastal Contemporary Elegance which is warm and inviting. This wonderful open floor plan has been Customized to Maximize the living space, Natural Lighting and Ocean Views. Completely re-modeled and remastered, the floorplan was designed so that it can easily be converted back to a two bedroom residence if desired. Among the too many to mention upgrades is an expansive, open common area currently used for living, entertaining and office space which allows the the whole space to be filled during the day with views and Natural light. The floors are a Gorgeous brushed porcelain which fully enhances the Stunning Crystallized Blue Quartz counter tops throughout. In the kitchen there are special custom touches everywhere and over \$50,000 in upgraded white cabinetry along with High End stainless appliance. (PLEASE TURN OVER)
